

Stockport Grammar Junior School

Eco-Committee

The Eco-Committee meets throughout the school year, chaired by a member of staff but predominantly led by the children.

One pupil from each form is elected by their peers to represent their form on the council. Discussions are focused around the 'Action Plan', which highlights environmental areas on which the school is focusing.

Pupils are invited to make suggestions and bring ideas to the meeting about ways to help meet the targets set out in the 'Action Plan'. The member of staff informs pupils of the meeting date.

The aims of the Eco-Committee

- To put young people in charge of raising environmental awareness by planning and implementing environmental actions.
- To improve the environment in both the school and local community.
- To actively promote environmental issues by working towards the international Eco-Schools Green Flag award.

Minutes and the 'Action Plan' are displayed on the Eco Board.
